Dear Jimmy:

I would like to take this opportunity to commend you for your contributions toward promoting Guam throughout the areas where you travel and perform.

It is the responsibility of each of us who travel anywhere to represent the best of our island. Through your songs and performances, as well as your enthusiasm and personality, you carry the message that Guam is a place of beauty and charm.

Your excellent example as an ambassador of goodwill further strengthens good relationships and ties with other areas and you have brought much pleasure to residents and visitors to Guam as well as to people in other lands.

With best wishes for your continued success, I am,

Sincerely,

Joseph F. Ada
